Re: Letter of Support for Maria Salazar

Comments:

I am writing this letter on behalf of Maria Salazar to support her application to take the LEED Green Associate Exam. She is an engaged student in my Environmental Technology 280: Green Building Design Principles course at Rio Hondo College, and she has earned enough credit in the course to receive an "A" as her final grade.

Please accept this letter as evidence that she has met your requirement of "engagement in (or completion of) an education program that addresses green building principles" as stated on the GBCI web site. She has been an outstanding student this semester, and she has demonstrated a high level of knowledge of the green building field.

If you have any questions or concerns about this letter, please contact me at:

Sincerely,

Joe Rasmussen
